

Tri-County

Veterinary Clinic

Scott D. Josephson, DVM

201 1st St W • Taunton, MN 56291

**Tri-County Veterinary Clinic
has used LAP AI to breed
over 1000 deer each of the
last three years.**

Our team processed 30 does per hour on this Minnesota farm

The portable lab and breeding trailer

Indiana doe prepped and ready for insemination

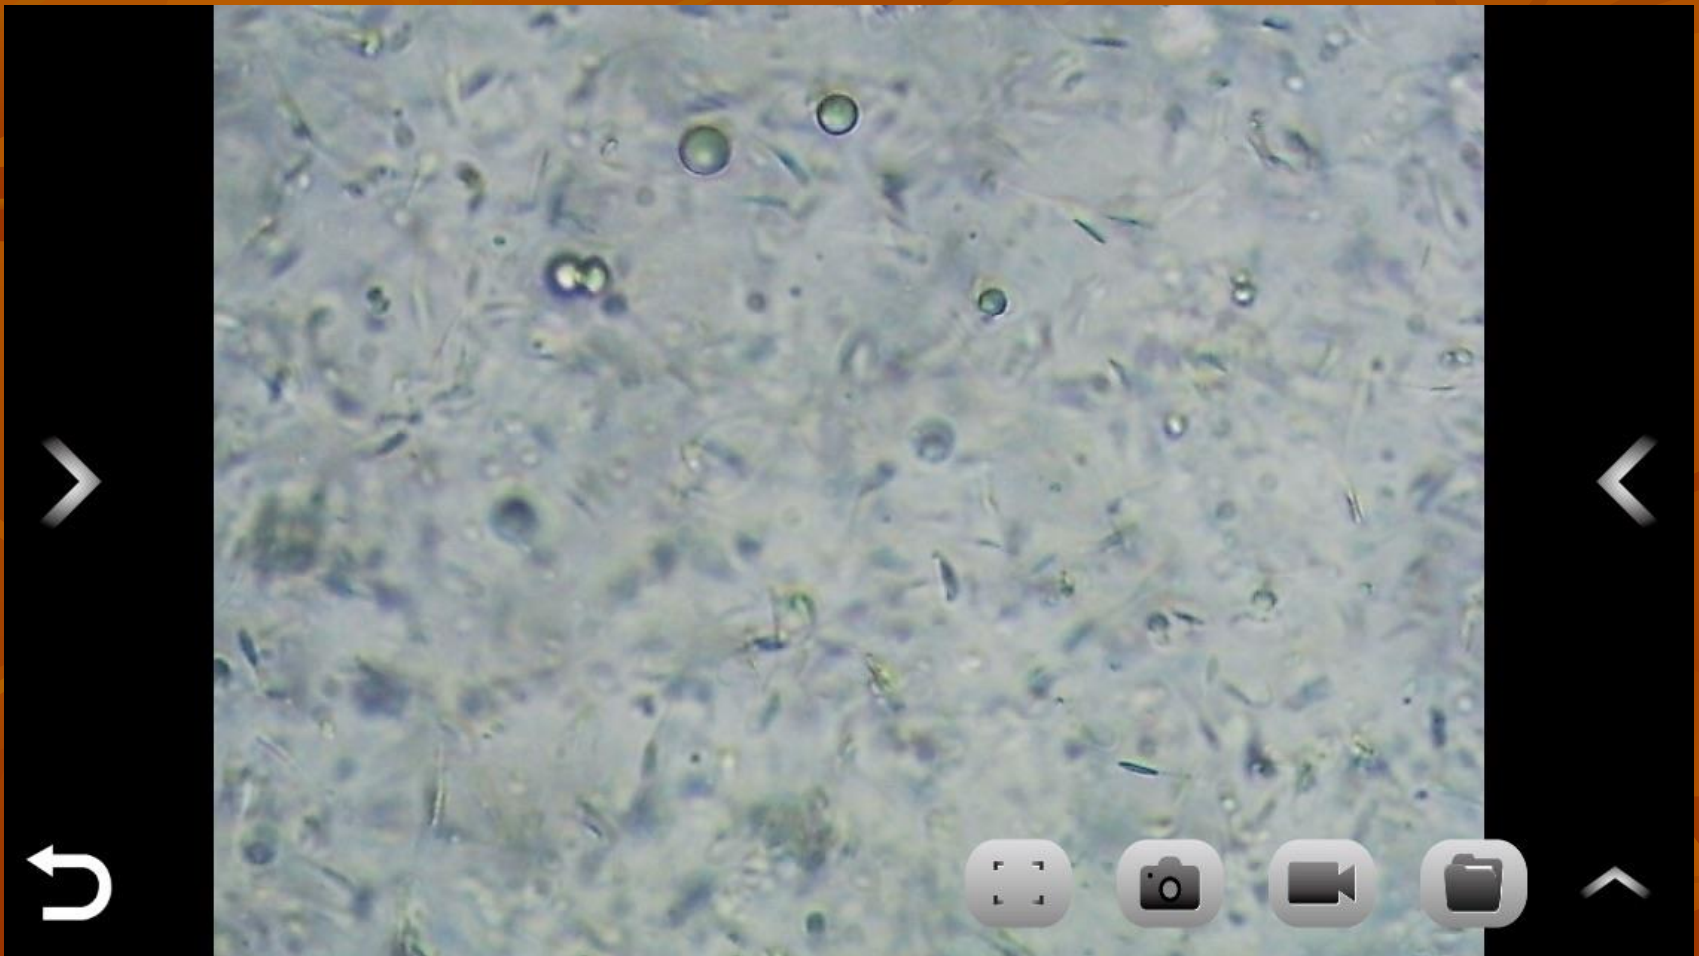

Alabama doe ready for insemination

Every straw of semen is evaluated for quality prior to insemination

Incisions are glued rather than stitched or stapled

Iowa does hauled to central farm location for breeding

Chilly morning in Pennsylvania

Toasting breakfast on a cold Pennsylvania morning

A little fun with last years' production in Ohio

Whitetail FaceTime

Our staff really gets into the spirit of the job!
